

# ***US REGIONS WRITTEN REPORT***

Over the past week you have learned about the five major regions in the United States. You will now conduct your own research on these five regions and write a report using the information that you have gathered.

The following guidelines must be met:

Research conducted using the internet, books, or textbook. You must cite at least TWO resources used.

Typed, Black, 12 point Arial or Times New Roman font, and turned in using Google Classroom

Each region must include the following information:

1. Name of the region
2. States in the region
3. Facts about the geography (landforms)
4. Climate during the Spring, Summer, Fall and Winter
5. List some of the MAJOR natural resources and what they are used for from the area
6. What major manufactured goods or services are provided in each region?
7. List at least 2 major tourism and recreation areas in your region. (Ex: National Parks like Yosemite, Theme Parks like Disney World)
8. Tell about a famous person from each region and why they are famous

You will have a note catcher outline for each region. You will fill out each note catcher before you begin writing.

Expect to write at least 2 paragraphs for each region.

Due:
